

# CRAFTED BY SEVE

## MD Golf launch Icon range.

MD Golf has unveiled a new line of clubs designed in conjunction with Seve Ballesteros. The aptly-named Icon range features drivers (see page 101), fairway woods and utilities, a set of forged irons, wedges and four putters.

Seve was due to launch the clubs at a trade show in Germany, but on the day he was meant to arrive he was rushed to hospital. MD's David Millsopp said: "Seve has played a major part in the development of our 2009 range and was bitterly disappointed that he was not able to attend the official launch.

"At a time like this our first thoughts are with Seve and his family and wishing them well. We have been kept updated on his ever-improving condition and with his strength of character and the support of his family we believe he can make a full recovery."

### SEVE ICON WEDGE

Featuring a classic head shape and an improved groove system, the Icon wedge has been designed to impart maximum spin on the ball. Available in a black or nickel finish.

**LOFT OPTIONS:** 48, 50, 52, 54, 56, 58, 60. **PRICE:** £69.99.

### SEVE GRIND WEDGE

Having played his entire career with a heavily-ground sand wedge, MD's Seve version has toe and heel relief to enable it to be opened up easily on all manner of lies. With its smoother lines and small amount of offset, the Grind is a great looking club.

**LOFT OPTIONS:** 48, 50, 52, 54, 56, 58, 60. **PRICE:** £69.99.

### SEVE ICON PUTTERS

Available in a choice of four models, each named after one of Seve's Major victories – Lytham 79, Augusta 80, St Andrews 84, Lytham 88 – the putters are all CNC-milled from a solid block of carbon steel and finished in "black gold". All have 340g heads, four degrees of loft, a 71° lie angle and a choice of 33, 34 or 35-inch shafts. **PRICE:** £89.95.

### CONTINUOUS BOUNCE WEDGE

We might not be able to get out of bunkers with 3-iron – a la Seve – but with the new CB wedge (not pictured), exiting the sand shouldn't be a problem. Standing for Continuous Bounce, the unique sole design keeps the head moving throughout the shot. It also aims to keep the head stable, therefore allowing more contact time between club and ball, and therefore more spin.

**LOFT OPTIONS:** 52, 56, 60. **PRICE:** £69.99.
