

Sun Mountain wins 1st prize at 'Golf Europe' 2007 for H2O Technical Bag

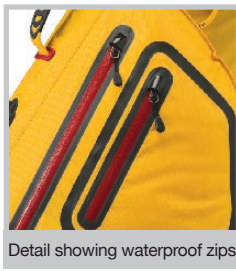

Accessories 1st Prize - Sun Mountain H2O Technical Bag

The GOLF EUROPE Product Awards, the first product contest for the golf industry, were presented in the categories Hardware, Clothing, Shoes, Accessories and Trolleys within the framework of GOLF EUROPE on Sunday, 7 October 2007. The products submitted for the contest were evaluated by a jury composed of members from retailing, independent industry experts and leading media representatives. In addition to functional aspects, design, degree of innovation and ease of use will play a decisive role in the selection of the winning products.

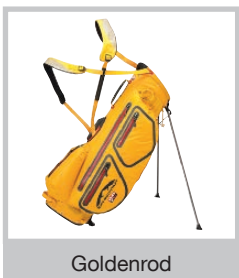

Our first fully functional, waterproof bag

Black

Detail showing waterproof zips

Goldenrod

Features & Benefits:

- Ball liner
- Towel holder
- Umbrella holder
- Full-length dividers
- Molded TPR pen holder
- Rainhood with taped seams and waterproof zipper (Rainhood must be used as designed in conjunction with the bag)
- Triangular non-slip foot pads (resists sinking into grass/sliding on slick surfaces)
- X-strap system with neoprene underside (water doesn't absorb into strap)
- Waterproof YKK zips and taped seams (waterproof pockets)
- Top-mounted leg mechanism (increased durability and stability)
- Top-mounted strap attachment (better balance/easier carry)
- Lightweight nylon fabric with 2000 mm waterproof coating
- Patented roller bottom leg mechanism (easy activation)
- Patented top with integrated handle (easy on/off)
- Neoprene on underside of strap (water repellent)
- Composite fibreglass legs (ultra lightweight)
